107 IN OGDEN; FEW OVERCOME

Unsettled Weather Forecast
Tomorrow; Las Vegas
Mark 119.

Heat records for Ogden were again smashed yesterday when the mercury rose to the 107 degree point on the official government thermometer and to 107 degrees upon the thermometer at the city hall, which toward evening is in the sun.

Those who were compelled to go upon the streets during the heat of the day cooling temperatures were extremely popular.

But if those upon the streets suffered, office workers were subjected to even more distressing temperatures inside where in many places the 100-degree mark was nearly reached.

The county building was one of the hottest public buildings in the city yesterday, a thermometer in the office of the county clerk touching 98 degrees in the afternoon.

Although the heat was oppressive throughout the day it brought no serious results. Several women are reported to have collapsed while shopping, but they were quickly revived and were able to go to their homes.

At the Ogden restaurant, a thermometer reported the temperature at 98 degrees.

Relief from the stifling heat came today with cooling breezes from the east. Unsettled weather conditions are forecast for tomorrow with even cooler temperatures.

Last night did not bring the ordinary relief from the heat, the mercury falling to go below the 64 degree mark at any hour.

At the fourth end of the Ogden Union depot a thermometer read 106 degrees late yesterday, according to reports.

In the building it was 104 degrees.

At the Bamberger and Utah Idaho depot, the mercury stood at 103 degrees.

But if Ogden was hot, residents here may obtain some relief by glancing at the official temperature record for Las Vegas, Nevada, for yesterday—119 degrees.

FOUR TESTIFY IN HARRIS CASE

Sheriff Pincock Tells of Investigation; \$50,000
Damages Sought

Four witnesses were on the stand yesterday afternoon in the case of M. D. Harris, administrator for the estate of Frederick P. Hayes, in which damages of \$50,000 are sought against the Bamberger Electric Railroad company for the death of Mr. Hayes.

Mr. Hayes was killed, together with Mrs. Hayes, and Mr. and Mrs. Nels E. Oberg, at the Brockbank crossing near Riverdale, when a train hit their automobile, July 5, 1921. The suit is being heard before jury in Judge Geo. S. Barker's division of the district court.

Sheriff Richard Pincock was the first witness called and testified to having gone to Riverdale to gather details of the accident. He said he took the county attorney and a judge with him, but that no inquest was held after they had investigated the matter.

Frank Hayes, brother of the deceased man, testified to having gone to the crossing the next day and to having taken measurements. He said the car had been dragged 603 feet after the train had struck it.

Grant Foxley said he was a passenger upon the train and heard the whistle blow just before the car was struck.

Viril Dew, an employee at the Jacobs farm at Riverdale, was on the stand this morning and stated that many automobiles crossed at the Brockbank crossing each day during the hot season to purchase fruit from the farm.

N. J. Harris is representing the plaintiff in the case while A. W. Agee and D. L. Stine are representing the railroad. The jurors are E. G. Cross, David Farr, Robert L. Myers, Walter Thompson, Alex. Ririe, Israel Ferrin, J. H. Adams and Thomas D. Clark.

The plaintiff will probably complete testimony this afternoon and indications point to the completion of the case late tomorrow or early Saturday. Two young daughters of Mr. Hayes were in the courtroom at this morning's session.

SEPARATION OF R. R. DISCUSSED

Supt. Hack, S. P., and D. R. Gray, O. S. L., Appear
Before Rotarians.

H. L. Hack, superintendent of the Salt Lake division of the Southern Pacific railroad and D. R. Gray, assistant general freight agent of the Oregon Short Line railroad, with headquarters in Salt Lake, were the principal speakers at the monthly meeting of the Ogden Rotary club held at the Weber club last night.

The two men spoke on the proposed divorce of the Union Pacific and Southern Pacific lines, as ordered by the United States Supreme Court.

OPPOSES SEPARATION

Supt. Hack spoke against the separation. He stated that under the supreme court decision the two lines must be segregated. This would, he believed, result in Ogden losing the Southern Pacific shops here, together with a payroll of \$261,000 monthly.

Mr. Gray in his short address presented the Union Pacific side and urged that the plans be carried out.

GIVEN CUP

Ralph E. Bristol, recently elected on the board of directors of the national Rotary, was presented with a large silver loving cup by members of the club in commendation of his success in the recent election. George Glen made the presentation speech.

Mrs. Norman G. Atkinson of Salt Lake sang.

POSTPONE REPORT.

W. H. Chevers, general agent of the Union Pacific lines in Ogden was among the guests.

The report of President Henry Anderson on the decision of the international convention was postponed due to the lengthy program. President Anderson will make his report at the meeting of the club next Wednesday.
